
Statistical Release 1/2017

Quarterly Balance of Payments

First Quarter 2017

Balance of Payments

In the first quarter of 2017, the current account deficit more than doubled to KSh 123.2 billion from KSh 43.4 billion in the first quarter of 2016 as shown in Table 1. International merchandise trade which includes exports and imports of goods registered a deficit of KSh 259.6 billion in the quarter under review, an increase of 67.3 per cent from a deficit of KSh 155.2 billion in the first quarter of 2016. This was mainly on account of a decline of 2.3 per cent in exports to KSh 152.0 billion and an increase of 32.4 per cent in imports on *f.o.b* basis to KSh 411.6 billion in the first quarter of 2017. International trade in services posted a surplus of KSh 50.9 billion in the quarter under review compared to a surplus of KSh 38.1 billion in the corresponding quarter of 2016. Service receipts increased by 18.9 per cent to KSh 131.7 billion while service payments increased by 11.3 per cent to KSh 80.9 billion in the first quarter of 2017. The expansion in the service receipts could be attributed to increased travel inflows following improved tourism arrivals in the quarter under review. Diaspora remittances increased by 5.5 per cent to KSh 45.1 billion in the first quarter of 2017 from KSh 42.8 billion in the first quarter of 2016.

1.2. Net financial inflows more than doubled from a surplus of KSh 133.1 billion in the first quarter of 2016 to a surplus of KSh 288.0 billion in the first quarter of 2017. This was mainly on account of increased disbursements to the general Government in form of project and commercial loans during the quarter under review. Gross official reserves increased by 8.9 per cent from KSh 792.4 billion as at the end of first quarter of 2016 to KSh 863.0 billion as at the end of the first quarter of 2017. These developments resulted into an improvement in the overall balance of payments position from a surplus of KSh 26.3 billion in the first quarter of 2016 to a surplus of KSh 84.2 billion in the quarter under review.

Public External Debt

1.3. Stock of public and publicly guaranteed external debt increased by 29.9 per cent from KSh 1,617.51 billion as at end of March 2016 to KSh 2,101.39 billion as at end of March 2017 as shown in Table 2. The growth may be partly attributed to a 65.0 per cent increase in the uptake of loans from commercial banks from KSh 360.2 billion in March 2016.

Merchandise Trade

1.4. The balance of trade widened from a deficit of KSh 167.1 billion in the first quarter of 2016 to a deficit of KSh 271.8 billion in the first quarter of 2017. This was occasioned by a 31.5 per cent increase in the value of imports from KSh 321.5 billion in the first quarter of 2016 to KSh 422.7 billion in the first quarter of 2017. On the contrary, total exports recorded a marginal decline from KSh 154.3 billion to KSh 150.8 billion over the same period.

Domestic Exports of Principal Commodities

1.5. Foreign earnings from domestic exports increased by 3.5 per cent to KSh 135.0 billion in the first quarter of 2017 from KSh 130.5 billion in a similar period in 2016 as shown in Annex 1 and Figure 2. This was due to increase in prices of tea, coffee and titanium ore in the international market. The price of tea increased by 10.9 per cent from KSh 281.85 per kilogramme to KSh 312.69 per kilogramme, while that of unroasted coffee rose to KSh 548.92 per kilogramme from KSh 508.05 per kilogramme during the review period. The price of titanium ore almost doubled to KSh 31,828.23 per tonne in the first quarter of 2017 compared to the first quarter of 2016. On the other hand, exports of medicinal and pharmaceutical products, horticulture and cement, which are key principal exports declined by 31.0, 44.6 and 2.5 per cent during the period under review. Domestic exports by broad economic category are presented in Annex 7.

Figure 2: Domestic Exports of Selected Commodities, 2015-2017

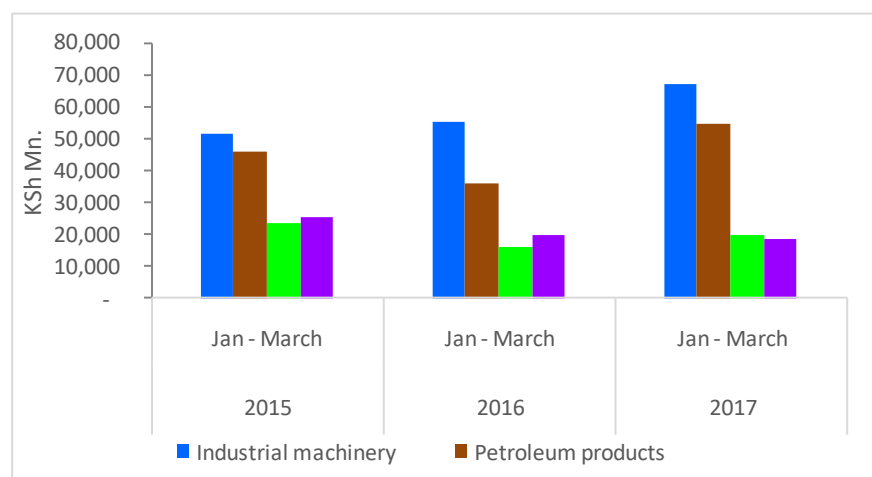

Imports of Principal Commodities

1.6. Total expenditure on imports increased by 31.5 per cent to KSh 422.7 billion in the first quarter of 2017 mainly on account of increased import value of petroleum products, industrial machinery, and automatic data processing machines and telecommunications equipment, as presented in Annex 3. Industrial machinery remained the leading import expenditure item in the first quarter of 2017 and its

share to the total import bill stood at 15.8 per cent. Import expenditure on petroleum products increased by 51.1 per cent during the review period to become the second leading import expenditure item at 12.9 per cent.

1.7. However, expenditure on wire products and road motor vehicles declined by 65.5 per cent and 3.8 per cent, respectively during the first quarter of 2017. Further details of imports are shown in Annex 4 and 8.

Figure 3: Imports of Selected Commodities, 2015-2017

Direction of Merchandise Trade

1.8. Africa accounted for 38.6 per cent of total export earnings in the first quarter of 2017 and was the leading destination of total exports during the period, despite the value of exports reducing from KSh 62.5 billion in the first quarter of 2016 to KSh 58.3 billion in the same quarter of 2017. During the period under review, exports to the EAC dropped by 6.8 per cent in spite of an 8.0 per cent rise in exports to Uganda. Total exports to the EU dropped marginally from KSh 35.6 billion in the first quarter of 2016 to KSh 34.7 billion in the same period in 2017, largely on account of reduced export earnings from Netherlands and the United Kingdom which jointly amounted to KSh 22.4 billion in the quarter under review. Pakistan was the leading destination of total exports within Asia with export earnings rising by more than twice from KSh 7.4 billion in the first quarter of 2016 to KSh 15.6 billion in a similar quarter of 2017 as shown in Annex 5. On the contrary, exports to the United Arab Emirates, Saudi

Arabia, India and Afghanistan registered declines of 36.0, 8.6, 61.3 and 86.3 per cent, respectively, in the review period.

1.9. Asia was the leading source of imports in the first quarter of 2017, accounting for 69.4 per cent of total imports during the review period with the bulk of imports being from the Far East. Expenditure on imports from the Far East rose by 26.1 per cent to KSh 221.6 billion in the first quarter of 2017 mainly on account of imports from China which nearly doubled in the period under review from KSh 65.3 billion in 2016 to KSh 113.6 billion in 2017. However, imports from India and Japan dropped by 16.2 per cent and 8.0 per cent to KSh 47.8 billion and KSh 18.9 billion, respectively, in the first quarter of 2017.

1.10. The value of imports from Africa rose from KSh 30.1 billion in the first quarter of 2016 to KSh 41.5 billion in the first quarter of 2017. This was largely driven by a 43.9 per cent increase in the value of imports from COMESA countries which accounted for more than half of imports from Africa. Nevertheless, there was a 13.1 per cent reduction in the value of imports from the European Union in the first quarter of 2017 as shown in Annex 6.
