Quarterly Balance of Payments

Second Quarter, 2018

Balance of Payments

Balance of payments estimates for the second quarter, that is April to June 2018 are presented in Table 1. Current account deficit narrowed to KSh 85.8 billion, in the second quarter of 2018 from KSh 130.4 billion in the second quarter of 2017. The net surpluses in the service and secondary income accounts contributed significantly to the narrowing of the current account deficit. The current account deficit was primarily brought about by larger increases in merchandise imports relative to exports. Merchandise imports valued on *free on board* (fob) *basis* grew by 7.6 per cent to KSh 437.1 billion while merchandise exports increased by 6.3 per cent to KSh 159.6 billion in the second quarter of 2018. Consequently, international merchandise trade balance deficit worsened by 8.3 per cent to KSh 277.5 billion. International trade in services inflows increased by 10.1 per cent to KSh 136.2 billion while outflows went up by 13.3 per cent to KSh 99.1 billion. In the secondary income account, remittances by Kenyans employed in the diaspora amounted to KSh 74.7 billion in the second quarter of 2018 from KSh 47.6 billion in the corresponding quarter of 2017.

The financial account net inflows declined to KSh 18.8 billion in the second quarter of 2018 from KSh 140.8 billion in the second quarter of 2017. This was on the back of decreased inflows coupled with increased debt securities outflows mainly in portfolio investments and other investments categories. In the second quarter of 2018, there was net use up of KSh 41.1 billion to the foreign exchange reserves. Gross official reserves stood at KSh 904.8 billion as at end of June 2018 from KSh 889.7 billion as at end of June 2017. Overall balance of payments position during the quarter review recorded a deficit of KSh 33.6 billion.

International Merchandise Trade

Table 3 shows international merchandise trade from 2016 to 2018. The balance of trade deficit widened by 10.2 per cent in the second quarter of 2018 to KSh 302.4 billion from KSh 274.5 billion in the corresponding quarter of 2017. This was largely driven by both faster rate of growth and magnitude of imports relative to exports. During the quarter under review, Imports grew by 8.8 per cent to KSh 460.6 billion from KSh 423.5 billion in the corresponding quarter of 2017. Total exports increased by 6.2 per cent to KSh 158.2 billion over the same period. Figures 1 to 3 and annexes 1 to 8 further details trends in the international merchandise trade flows.

Value of Domestic Exports

Foreign exchange earnings from domestic exports went up by 5.4 per cent to KSh 139.6 billion in the second quarter of 2018 from KSh 132.4 billion in the similar quarter of 2018. This

was mainly driven by increase in exports of horticulture (11.7%), coffee (4.6%) and articles of apparel and clothing accessories (13.3%). However, exports of tea and; titanium ores and concentrates declined by 5.1 per cent and 5.0 per cent respectively. The value of tea exports declined mainly on account of lower prices in the international market while those of titanium ores and concentrates were driven by reduced quantities exported.

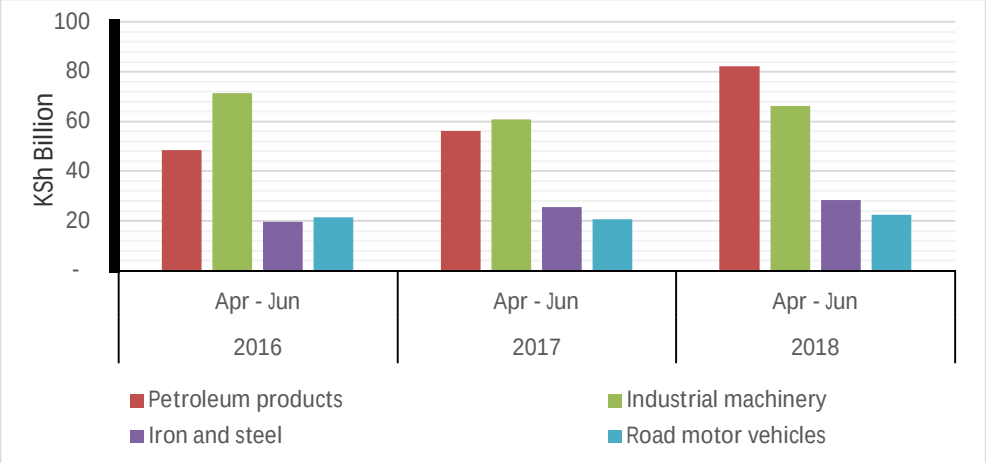

Figure 2: Domestic Exports of Selected Commodities, 2nd Quarter, 2016-2018

Value of Imports

Value of Import, *c.i.f.*, grew by 8.8 per cent to KSh 460.6 billion in the second quarter of 2018 from KSh 423.5 billion in the second quarter of 2017. The higher import bill in the review period, was largely driven by increased expenditure on commodities such as petroleum products, industrial machinery, medicinal and pharmaceutical products, wire products, and aircraft, associated equipment and parts thereof. Value of imported petroleum products increased to KSh 82.1billion in the second quarter of 2018 from KSh 56.0 billion in the corresponding quarter of 2017. Similarly, import value of Industrial machinery increased by 8.7 per cent in the second quarter 2018 compared to a similar period the previous year. Notable import value decreases were on expenditure on telecommunications equipment, automatic data processing machines, sugars and cereals (maize, wheat and rice) during the review period.

Figure 3: Value of Selected imports, 2nd Quarter, 2016-2018

Direction of International Merchandise Trade

Details of bilateral and regional direction of trade is presented in annexes 5 and 6. Value of exports to Africa countries accounted for 35.2 per cent of total exports while European Union and Asia accounted for 21.6 per cent and 28.4 per cent, respectively, during the review period. Total value of export to Africa increased to KSh 55.7 billion in the second quarter of 2018 from KSh 53.3 billion in the second quarter of 2017. Total exports to EAC partner states rose from KSh 26.6 billion in the second quarter of 2017 to KSh 28.8 billion in the same quarter of 2018. Tanzania recorded the highest increase in the value of total exports over the period at 35.7 per cent to KSh 7.4 billion. This was due to increased exports of medicaments, soap and printed books; and re-exports of tractors and trailers.

In the period under review exports to countries in Asia amounted to KSh 45.0 billion, from KSh 42.8 billion in the corresponding period of 2017. Pakistan remained the leading destination of exports to Asia despite export values to this destination registering a 6.9 per cent decline to KSh 14.1 billion in the second quarter of 2018. This may be attributed to reduced export earnings arising from lower international prices of tea. Similarly, total exports to China declined by 34.7 per cent over the same period. Value of exports to the United Arab Emirates and Saudi Arabia recorded increases of 10.6 per cent and 31.4 per cent to KSh 9.0 billion and KSh 2.4 billion, respectively, during the quarter under review.

Total export earnings from the EU rose to KSh 34.2 billion in the second quarter of 2018 from KSh 31.8 billion in the second quarter of 2017. This was largely on account of increased export earnings from the United Kingdom (11.7%), Spain (85.4 %), Italy (38.8 %) and France (6.6 per cent). The rise in value of exports of avocado, zircon and pineapples mainly led to the huge increase in exports to Spain while hides and skin, pineapples and octopus were largest export earners to the Italian market. However, total exports to the Netherlands declined marginally to KSh 11.5 billion in the quarter under review.

Value of imports from Asia accounted for 69.1 per cent of total import bill of to KSh 460.6 billion in the second quarter of 2018. Europe and rest of Africa accounted for 15.8 per cent and 11.0 per cent, respectively, during the review period. Imports, mainly petroleum products, from Middle East increased by 58.4 per cent to KSh 99.0 billion in the second quarter of 2018. In the Middle East, United Arab Emirates and Saudi Arabia are our major trading countries with respect to imports. Imports from Far East Asia rose by 3.8 per cent to KSh 219.4 billion of which imports sourced from China accounted for 52.1 percent during the review period.

Imports from Africa increased by 3.3 per cent in the quarter under review compared to the same quarter of the previous year. This increase was largely driven by an increase in imports from Uganda which rose from KSh 8.7 billion in the second quarter of 2017 to KSh 13.2 billion in the same quarter of 2018.

During the review period, imports from the US registered a 35.1 per cent decline to KSh 10.4 billion to account for 2.3 per cent of total import bill. Value of imports from America continent decreased from KSh 26.5 billion in the second quarter of 2017 to KSh 17.1 billion in the second quarter in 2018.
