Quarterly Balance of Payments

Second Quarter, 2021

Balance of Payments

In the second quarter of 2021, the current account deficit increased by 28.2 per cent to KSh 110.1 billion from KSh 85.9 billion in the corresponding quarter of 2020 as shown in Table 1. Similarly, merchandise trade balance went up by 46.2 per cent to a deficit of KSh 271.3 billion. Imports valued on *f.o.b.* basis grew relatively faster by 38.9 per cent compared to 29.2 per cent increase in exports during the quarter under review. The growth is an indication of gradual recovery in external demand for goods.

Receipts from international trade in services increased by 30.7 per cent while payments grew by 37.1 per cent to KSh 106.4 billion and KSh 103.2 billion, respectively, during the second quarter of 2021. Travel receipts grew significantly from KSh 3.0 billion in the second quarter of 2020 to KSh 22.2 billion in the quarter under review due to easing of travel restrictions. Diaspora remittances remained buoyant, increasing by 24.5 per cent to KSh 101.3 billion in the quarter under review. As a result, the secondary income account balance improved by 22.6 per cent to post a surplus of KSh 162.6 billion.

Net financial inflows grew by 43.1 per cent to a surplus of KSh 276.3 billion in the second quarter of 2021 from a surplus of KSh 193.0 billion in the same quarter of 2020. This was mainly as a result of increased inflows in the other investment in form of loans in the period under review. The overall Balance of Payments position improved to a surplus of KSh 167.4 billion in the second quarter of 2021 from a surplus of KSh 44.0 billion in the corresponding quarter of 2020.

Value of Domestic Exports

In the review period, earnings from domestic exports amounted to KSh 163.4 billion, representing 28.0 per cent increase compared to the same quarter of 2020, as illustrated in Annex 1. This was driven majorly by increase in exports of horticulture, and articles of apparel and clothing accessories as shown in figure 2.

On the contrary, export earnings from tea declined by 7.5 per cent to KSh 32.2 billion in the quarter under review from KSh 34.8 billion in the corresponding quarter of 2020.

Figure 2: Domestic Exports of Selected Commodities, 2nd Quarter, 2019-2021

Analysis of domestic exports by Broad Economic Category classification, showed that revenue from exports of food and beverages amounted to KSh 72.0 billion and accounted for the largest share of total exports earnings as presented in Annex 7. Notable increases were recorded in the domestic exports of non-food industrial supplies and consumer goods which rose by 46.2 per cent and 59.3 per cent, respectively.

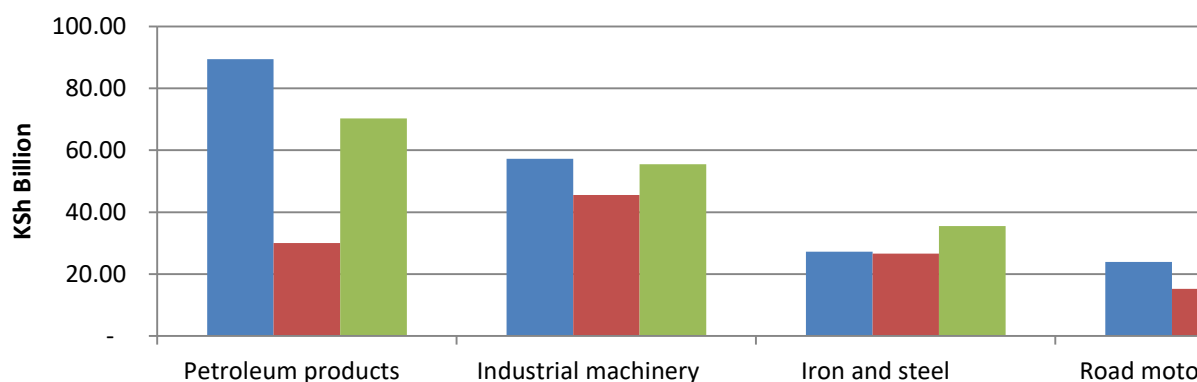

Value of Imports

Expenditure on imports increased by 38.1 per cent from KSh 350.8 billion in the second quarter of 2020 to KSh 484.5 billion in the second quarter of 2021. The growth was largely attributable to a marked increase in imports of petroleum products which more than doubled, from KSh 30.0 billion in the second quarter of 2020 to KSh 70.2 billion in the second quarter of 2021 as depicted in Figure 3. The increase in imports of petroleum products was largely as a result of higher demand of the product occasioned by easing of travel restrictions that had been imposed

in the previous quarter in a bid to combat the spread of Corona Virus disease. Other commodities which exhibited increased imports during the review period included, industrial machinery (21.9%), iron and steel (33.3%); and road motor vehicles (58.1%). In contrast, in the same period, imports of aircraft, associated equipment and parts more than halved as highlighted in Annex 3. Quantities of imported animal and vegetable oils declined from 295.7 thousand metric tonnes in the second quarter of 2020 to 199.8 thousand metric tonnes in the corresponding quarter of 2021 while quantities of imported maize declined from 136.1 thousand metric tonnes to 59.0 thousand metric tonnes as presented in Annex 4.

Under the Broad Economic Category Classification, imports of fuel and lubricants and non-food industrial supplies significantly rose to KSh 277.0 billion jointly accounting for 57.2 per cent of the total import bill as presented in Annex 8. In addition, expenditure on commodities under transport and equipment, and machinery and other capital equipment increased by 43.8 per cent and 21.3 per cent, respectively.

Direction of International Merchandise Trade

Total export revenue in the second quarter of 2021 amounted to KSh 179.5 billion representing 29.0 per cent increase compared to the second quarter of 2020 as illustrated in Annex 5. The bulk of export earnings in the second quarter of 2021 was attributable to Africa which accounted for 44.4 per cent of the total exports earnings. These rose from KSh 48.3 billion in the second quarter of 2020 to KSh 79.7 billion in the quarter under review. The increase in exports to Africa was majorly driven by an 85.8 per cent increase in exports to Uganda from KSh 12.7 billion in

the second quarter of 2020 to KSh 23.6 billion in the second quarter of 2021. In addition, exports to the Democratic Republic of Congo rose more than three-fold in the review period. The growth in exports to these countries was largely attributable to increase in domestic exports of cement clinkers to Uganda and tea to the Democratic Republic of Congo.

The value of total exports to the European Union increased by 30.2 per cent from KSh 21.5 billion in the second quarter of 2020 to KSh 28.0 billion in the second quarter of 2021. This was occasioned by increased domestic exports of cut flowers to the Netherlands. In the same period, exports to America registered an increase of 26.6 per cent largely driven by an increase in domestic exports of macadamia nuts, and articles of apparel and clothing to the United States of America. However, revenue from exports to Asia declined by 4.8 per cent to KSh 37.0 billion in the second quarter of 2021. This was partly on account of a decrease in domestic exports to Pakistan.

The value of imports rose by 38.1 per cent from KSh 350.8 billion in the second quarter of 2020 to KSh 484.5 billion in the second quarter of 2021 as presented in Annex 6. Asia remained the leading source of the country's imports, accounting for 64.8 per cent of total imports in the second quarter of 2021. Notably, imports from the United Arab Emirates, China and India rose significantly, jointly accounting for 72.4 per cent of the growth in import expenditure from this region. On the contrary, imports from Indonesia decreased by 34.7 per cent. This was occasioned by reduction in imports of crude palm oil from this source.

Imports from Africa rose by 35.6 per cent from KSh 38.6 billion in the second quarter of 2020 to KSh 52.3 billion in the corresponding period in 2021. This increase was partly attributable to increased imports from Tanzania, which more than doubled from KSh 5.2 billion in the second quarter of 2020 to KSh 10.9 billion in the second quarter of 2021. Similarly, expenditure on imports from Australia rose significantly from KSh 2.5 billion in the second quarter of 2020 to KSh 15.9 billion in the second quarter of 2021, occasioned by increase in imports of wheat and meslin.

The value of imports from America declined by 14.9 per cent from KSh 26.8 billion in the second quarter of 2020 to KSh 22.8 billion in the quarter under review. The decline was exhibited in reduced imports of helicopters from Canada.
