# Key highlights on Leading Economic Indicators

Overview

Key highlights on Leading Economic Indicators

Overview

The monthly issue of Leading Economic Indicators highlights trends in some selected indicators in Macroeconomic, Financial Intermediation, Agriculture and Industrial sectors for up to October 2009.

## Macroeconomic and Financial Intermediation Indicators

Over the years, Kenya National Bureau of Statistics has been releasing the CPI and inflation figures based on arithmetic mean computation method. However, this approach has been found not to be robust in the sense that it is influenced by outliers. As a result, and in line with best practices as recommended in the ILO CPI manual 2004, the Bureau has adopted a geometric mean computation approach in October 2009.

The CPI computed through this new approach increased by 0.50 percent from 140.51 points in September 2009 to 141.21 points in October 2009. Month-on-month overall inflation rate stood at 6.6 percent in October 2009 compared to 6.7 percent in September 2009. The old methodology would have yielded an October inflation of 17.5 percent.

The Kenya Shilling recorded mixed performance in October 2009 depreciating against the US Dollar, the Sterling Pound, Euro and the South African Rand while strengthening against the Japanese Yen. The Shilling depreciated against the Tanzanian Shilling while weakening against the Uganda currency in the same month.

The benchmark 91-day Treasury bill maintained it stability in October by recording average rate within the range of 7.22 – 7.55 per cent observed over the year. The Treasury bill rate dropped marginally to trade at 7.26 per cent in October 2009 down from 7.29 per cent recorded the previous month. The weighted average lending rate offered by Commercial banks for loans and advances rose marginally from 14.74 per cent to 14.78 per cent over the same period. Savings rate offered by the commercial banks rose by 12.1 percent to 1.85.

The 20-share index (NSE 20) rose from 3,005.4 points in September 2009 to 3,083.6 points in October 2009. The number of transactions declined by 10.9 percent while total value of shares traded increased by 27.4 per cent from KSh 3.5 billion in September 2009 to KSh 4.5 billion in October 2009. Total number of shares traded rose significantly by 30.9 percent to 303.3 million shares in October 2009 from 231.7 million shares traded in September 2009.

Broad money supply (M3) expanded marginally from KSh 986.9 billion in September 2009 to KSh 1001.8 billion in October 2009. Similarly, money and quasi-money (M2) also expanded by 2.1 per cent from KSh 849.4 billion to KSh 867. billion over the same period.

Gross Total Foreign Exchange Reserves rose by 2.6 per cent from KSh 366.1 billion in September 2009 to KSh 375.5 billion in October 2009. Net Foreign Exchange Reserves went up marginally by 1.6 per cent to record 271.9 billion in October 2009 from KSh 267.6 recorded in September 2009.

**SECTORAL PERFORMANCES**

## a). Agriculture

Coffee auctions continued on decelerated performance registering 2,232 MT for the month of September compared to 4,027 MT auctioned during August 2009. In contrast, coffee auction prices per kilogram continued to appreciate, recording a high of KSh 264.00 for September, 2009.

The volume of tea sales reversed the hitherto declining trend of the last three months by improving by 29.2 per cent from 21,231 MT recorded in August to 27,434 MT in September, 2009. Average auction price per kilogram continued to maintain an upward trend by increasing from KSh 233.94 to KSh 240.27 during the same period.

The average retail price per kilogram of dry maize improved marginally from KSh 37.6 in July to KSh 37.8 in August 2009. Over the same period, average retail price for dry beans increased from KSh 69.1 to KSh 74.6.

## b). International Trade

Total quantity of coffee exported in Metric Tonne declined further in September 2009 by 10.3 per cent from 5,427.8 in August 2009 to 4,866.3MT in September 2009. Consequently, the export value declined further by 4.8 per cent from KSh 1,355.8 million to KSh 1,290.8 million over the same period.

Tea exports rose from 21,598.2 MT in August 2009 to 27,097.8 Mt in September 2009 while its value increased by 29.2 percent over the same period.

Quantity of horticultural produce exported has been on an upward trend for the third consecutive month. Exports rose by 11.5 per cent from 13,222 MT in September 2009 to 14,742 MT in October 2009. The value of the exports of horticultural produce picked at 4,034.4 KSh Million in October 2009 supported by an increase in export value of cut flowers, fruits and vegetables which rose by 16. 345 and 6.9 per cent respectively.

Volume of trade went up by 12.1 percent in September 2009 after registering a decline of 7.8 per cent in August 2009. This was supported by an increase in total exports and total imports which rose by 3.67 and 16.05 per cent respectively.

Available data for major domestic exports by Broad Economic Category (BEC) indicates that there was an increase in exports by 12.9 per cent in September 2009. This increase could be attributed to an increase of food and beverages, fuels and lubricants and consumer goods not elsewhere specified. The share of food and beverages went up to 43.57 per cent in September 2009 from 42.56 per cent recorded in August 2009 while that of industrial supplies (Non Food) dropped to 24.12 per cent over the same period.

Imports by Broad Economic Category (BEC) indicate an upward trend in all imports except Food and Beverages in the month of September 2009 which recorded a decline of 26.7 percent. Industrial supplies (Non-food), Fuel and Lubricants and Machinery and Other capital equipment rose by 9.1, 34.8 and 39 per cent respectively over the same period.

c). Energy

Total electricity generation increased by 1.8 per cent from 549.7 million KWh in September 2009 to 559.5 Million KWh in October 2009. The increase was supported mainly by generation by Independent Power Producers(IPPs). Hydro generation was on the declining trend for the third consecutive month registering a decline of 22.6 percent in October 2009 while Geo-thermal generation decreased marginally by 0.8 percent over the same period. Total domestic consumption of electricity increased by 7.5 percent from 426.2 Million KWh to 458 Million KWh in October 2009. Rural electrification consumption rose by 13.5 percent over the same period.

Exports of electricity to Uganda declined further from 2.40 million KWh in September 2009 to 2.33 million KWh in October 2009. Imports of electricity from Uganda and Tanzania rose from 2.4 million KWh to 3.6 million KWh over the same period.

Data from major oil marketing firms indicate that total consumption of petroleum products increased by 6.0 per cent from 181.5 thousand MT in August 2009 to 210.3 thousand MT in September 2009. This increase is attributable to an increase in consumption of light diesel, fuel oils, motor spirit and illuminating kerosene which rose by 5.2, 67.6, 16.9 and 30.6 per cent, respectively over the same period.

The weighted average retail prices for motor gasoline, light diesel oil and light diesel oil (gasoil) within Nairobi rose by various margins in October 2009. Motor gasoline Premium, regular and gasoil rose from 81.64, 78.90 and 72.13 KSh per litre in September 2009 to retail at 82.84, 80.57 and 74.09 KSh per litre in October 2009 respectively.

In the international market, the price of Murban crude oil rose by 0.2 per cent from US Dollars 69.10 per barrel in September 2009 to US Dollars 69.25 per barrel in October 2009.

d). Manufacturing and, building and construction

The aggregate actual value of building plans approved declined marginally by 0.3 percent to KSh 15,551.9 Million in August 2009. The decline was mainly due to decline in value of non-residential building plans.

Domestic production of sugar rose by 9.7 percent in the third quarter compared to a similar period the previous year. The month of September 2009 saw an increase of 15.6 percent in production from 36,827 MT recorded in August 2009 to 42,586 MT. Production of soft drinks rose by 18.6 per from 26,228 MT in July 2009 to 31,113 MT in August 2009.

Production of new assembled vehicles rose by 2.9 per cent from 470 assembled vehicles in July 2009 to 484 assembled vehicles in August 2009. Production of galvanized sheets also declined by 1.4 per cent from 17,497 MT in July 2009 to 17,253 MT in August 2009.

Quantity of cement produced declined from 243.2 thousand MT in July 2009 to 206.9 thousand MT in August 2009, a 14.9 per cent drop. Cement consumption declined marginally by 1.6 per cent from 209.6 thousand MT in August 2009 to 206.3 thousand MT in September 2009.

Milk deliveries to the formal sector increased marginally by 0.3 per cent from 35.0 million litres in August 2009 to 35.1 million litres in September 2009

e). Tourism and Transport

The tourism sector suffered in September 2009 when tourist arrivals which had picked up in the previous months contracted by 24.2 per cent. The number of visitors who arrived in the country declined from 100,314 visitors in August 2009 to 76,022 visitors in September 2009 as recorded by visitor arrivals in JKIA and MIA.

The number of passengers who embarked at Jomo Kenyatta International Airport (JKIA) declined by 18.0 per cent from 146,282 persons in August 2009 to 119,935 persons in September 2009 while number of passengers who landed declined further by 15.4 per cent from 138,538 persons to 117,246 persons over the same period.

Total number of vehicles registered increased significantly by 49.3 per cent from 9,011 vehicles registered in August 2009 to 13,452 vehicles in September 2009. The increase was mainly as a result of a high registration of motor cycles by 90.5 per cent over the same period.
